

Modern Slavery Policy

Civils Plus Plant and Utilities Ltd is committed to driving out acts of modern day slavery from within its own business and that from within its supply chain. The company acknowledges responsibility to the Modern Slavery Act 2015 and will ensure transparency within the organisation and with suppliers of goods and services to the organisation.

The organisational structure of the business is a family owned enterprise that provides Labour and Project Management for Minor Civils to all Construction and Utility Industries. Within the supply of Labour and Project Management and the sourcing of products to provide our service there are relationships with external businesses that make up the supply chain within Civils Plus Plant and Utilities Ltd.

As part of the companies due diligence processes into slavery and human trafficking the supplier approval process will incorporate a review of the controls undertaken by the supplier. Imported products from sources outside of the UK and EU are potentially more at risk for slavery / human trafficking issues. The level of management control required for these sources will be continually monitored.

The company will not support or deal with any business knowingly involved in slavery or human trafficking.

The company directors shall take responsibility for implementing this policy statement and its objectives and shall provide adequate resources (training etc) and investment to ensure that slavery and human trafficking is not taking place within the organisation within its supply chains.
